Guests go through an Agricultural Inspection prior to leaving Hawaii due to restrictions on the movement of fruits, plants, and other items to the mainland to prevent the spread of plant insects and diseases. Carry-on articles will be inspected near the departure gates.

Hawaiian Driver-Guide: Holiday Vacations has arranged for a Hawaiian driver-guide service to provide transportation, cultural insights, and local information of the places you will be visiting. As part of your Holiday Vacations tour, Hawaiian driver-guide gratuities have been included for you.

Packing Tips: While on tour, casual clothing is appropriate, but you may consider packing one outfit that is a little dressier than your everyday casual wear for the luau. Since the weather is always changing, you may want to dress in layers and bring a light sweater or jacket and a small umbrella. If possible, leave your valuables (such as jewelry) at home.

Additional Luggage: Additional pieces of luggage can be handled for you. The cost is \$10 per additional bag per day. Please call our office to make arrangements for any additional pieces of luggage. Note that most airlines also charge passengers

for a second piece of checked luggage.

The charge will be billed to you before sailing and included on your final invoice. Gratuities for purchased beverages (outside the Hawaii Beverage Package) are not included in this daily charge.

*A 20% gratuity is automatically added to any beverage charges, specialty dining, and spa/salon services, so it is not necessary to leave an additional tip unless you are so inclined.

Safety Aboard Ship: Once on the ship, there will be a mandatory lifeboat drill. All guests are required to attend this drill to learn what to do in case of an emergency. For this drill, you will report to your muster station. Your muster station number or letter can be found on your guest key card. Crew members will be available to direct you to the correct muster station. Attendance will be taken, so be sure to check in once you arrive at your muster station. For your safety, life vests are located in your stateroom and various areas throughout the ship.

Ship Tenders: This itinerary includes ports of call that require the use of tenders to get to shore. Tendering takes place when no pier facilities are available or when the water is too shallow for ships to get closer to shore. Vessels drop anchor a short distance away and use small boats, called tenders, to shuttle passengers to dry land.
